

LAND STEWARDSHIP & GARDENING WORKDAYS

Dominican Sisters of Grand Rapids
Marywood Campus
111 Lakeside Drive NE

Contact: landstewardship@grdominicans.org

Mary's Woods, Prairie & Gardens *Caring for Earth in community with others. Tools, training, hospitality, refreshments and an educational component are always a part of our workdays. No experience necessary.*

We are looking for volunteers who are interested in building and fostering healthy habitats and beautiful native gardens.

Wednesday, June 3 from 9–11:30 am

North Courtyard Garden: Add in native plants, plant labels, and collect data on visiting pollinators and other insects using iNaturalist. No experience necessary, training will be provided.

Wednesday, June 10, from 9:00-11:30 am

Mary's Hope Garden: Add in native plants, plant labels, and collect data on visiting pollinators and other insects using iNaturalist.

Thursday, June 18, from 9:00-11:30 am

Prairie: Dig out invasives, add in native wildflower plugs. For those interested, we will spend some time collecting data on species richness (flora and fauna) using iNaturalist.

Wednesday, June 24, from 9:00-11:30 am

Pond: Weed, add in native wildflowers and grasses to a fledgling riparian buffer. Part of an active and extensive ecological restoration project taking place on campus. Come see firsthand what the early stage looks like!
